

1. * correct option is shown in green while the wrong option is shown in red.

* I have written solution for a questⁿ, but I am not able to see its solution after submitting.

* currently options are like

A
B
C
D

make them as

A	B
C	D

2. For fill in the blank type question, latex is not supported for package of _____.

Also, I am not able to add the answer as well as edit the question once it is uploaded

There is no option to tag a question based on its difficulty. [Difficulty should NOT be divisible to student]

Tagging of question Subjectwise, topic wise, chapterwise is missing.

Proper pattern is not there for matrix match question.

Can customisation of options name A, B, C, D to (1), (2), (3), (4) possible?

Because in JEE Mains sometimes options are like (1), (2), (3), (4)
